

WHERE DID ALL THAT FOOD COME FROM?

[The Region of Galilee] — As he continues his ministry, Jesus has been startling people with one surprise after another. Not long ago it happened again. Jesus was teaching a big crowd of people out in the country, near his home town of Capernaum. Everybody seemed to forget what time it was. Soon it was too late to get home in time for supper, or to a place to buy food.

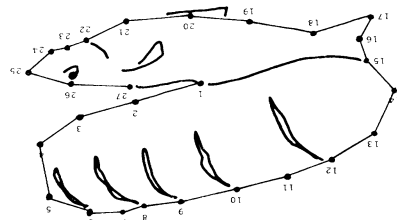

The crowd was so big [there were 5,000 men, and more women and children besides], Jesus' followers wondered how they could ever find enough food to give everybody even a little bit.

That's when Jesus surprised the crowd. He asked his followers to give him what they had. All there were were five loaves of bread and two fish. That was enough for three or four people. But Jesus started breaking the bread and fish into pieces and passing it out to the crowd. The food just kept coming and coming. Everybody had enough to eat!

Gus The Gospel Gopher says: "Did you ever go somewhere and forget to take your lunch? I did once. My stomach was growling by the time I got home! Here's a picture of something Jesus used to feed some people a lunch one time when they forgot to bring their own. Connect all the numbers to see what it is."

Picture Differences. Jesus fed over 5,000 people with just two fish and five little loaves of bread. In the two pictures of this miracle, there are 6 differences. Circle each one as you find it, if you can.
